**Please don't forget an adequate monitoring system and three bar stools!**

The band could also bring its own active monitor speaker (jack input). Please let us know if this might be necessary. We would love to leave it at home.

**SL stereo are down-to-earth but appreciate little highlights like...**

- ...four clean towels
- ...non-sparkling water on- and backstage, not cooled
- ...cold beer
- ...tea, coffee, orange-juice, malzbier
- ...a warm meal / pizza / doner kebab
- ...a wardrobe with clean (!!!) shower & toilet

Please, give us a call/send an email, if not sure about any of these points!
